TITLE Annual Report 1973-74: Michigan Department of Education Student Financial Assistance Services.
INSTITUTION Michigan State Dept. of Education, Lansing.
PUB DATE 74
NOTE 67p.
EDRS PRICE MF-\$0.76 HC-\$3.32 PLUS POSTAGE
DESCRIPTORS Educational Finance; Financial Policy; *Grants; *Higher Education; *Scholarships; *State Aid; Student Characteristics; *Student Loan Programs; Tuition
IDENTIFIERS Guaranteed Student Loan Program; *Michigan; State Competitive Scholarship Program; State Tuition Grant Program

ABSTRACT

The statistical tables in this annual report cover four basic areas of Michigan Department of Education Student Financial Assistance Services for 1973-74. Part 1 covers the Guaranteed Student Loan Program (review of operations, program status report, collections summary, outstanding loans, characteristics of student borrowers); Part 2 contains information on the Michigan Competitive Scholarship and Tuition Grant Program (operations review; freshman scholarship program summary, characteristics of the scholarship and tuition grant recipients; summary of scholarship and tuition grant appropriations; distribution of 1973-74 scholarship and tuition by type of school); and part 3 covers the special education awards (operations review and summary of rewards). The appendixes include information concerning program legislation (state guaranteed student loan program, state competitive scholarship program, state tuition grant program, and special education program). PART I

MICHIGAN GUARANTEED STUDENT LOAN PROGRAM

EVALUATION OF OVERALL FY 1973-74 PROGRAM IMPACT

The influence of the Guaranteed Loan Program has been less significant than expected in fiscal year 1974. Greater educational costs, coupled with domestic inflation and increased unemployment, has created a greater gap between post-secondary school education and the family's ability to meet these educational costs. It was expected that financial aid programs would help span the gulf between family resources and post-secondary costs. One of the financial aid programs which was counted on was the Guaranteed Loan Program. It did not live up to its potential.

For the second consecutive year loan approvals decreased drastically. From a program high of \$21.9 million approved for disbursement, loan volume decreased to only \$15.9 million in fiscal year 1974. This represents a decrease of 27.4%; however, the average amount of each loan increased from \$1,023 in fiscal 1972 to \$1,101 in fiscal 1974. The \$78 increase in the average loan points out that while less students were helped, the individual need was greater. This is all the more meaningful when one realizes that in fiscal year 1972 any student with an adjusted family income of less than \$15,000 was presumed to have need for guaranteed loan assistance. For most of fiscal year 1974 the traditional needs analysis was used to determine the amount of guaranteed loan assistance required by the student.

The decrease in help to individual students is even more dramatic. Students helped in fiscal 1974 decreased by 7,024 students. This represents a decrease of 32.7%. Since post-secondary enrollment has remained relatively stable, the conclusion must be made that students in greater numbers are being denied access to the guaranteed loan program.

Federal legislation effective July 1, 1972 restricted student eligibility for federal interest benefits to students who demonstrated need on the basis of the traditional needs analysis systems. This requirement added additional paperwork for the lenders, caused delays in loan processing, created poor public relationship between lender and customer and eliminated large numbers of middle income families from loan assistance because of a lack of need for the loan as determined by needs analysis or failure to apply for a loan because previous efforts to obtain financial assistance predicated on needs analysis resulted in denial of the assistance request.

Federal Reserve Board Fiscal Policies created an economic situation which decreased the financial institutions ability and will to expand guaranteed loan participation and, in fact, caused a marked decline in program participation. In the opinion of the Federal Reserve Board, domestic inflation should be controlled by restricting consumer borrowing by reducing the amount of new money placed in circulation, thereby causing a shortage of loanable funds and increasing the interest rate charged to borrowers. This policy has been successful in that long term, low interest loans have become less available; however, inflation shows no signs of being brought under control. It is significant to note that in 1965 the interest charged on guaranteed loans was 1-1/2 percent above the prime rate. As of June 30, 1974 the prime rate exceeded the combined interest and special allowance rates. With the profitability of student loans eliminated, lenders converted student loan and mortgage funds to short term, high return installment loans.

While the program still addresses the principles of equal opportunity for all students by providing the student with access to loan funds to help finance the student's choice of occupational training, the real effect in fiscal 1974 was a reduction of loan help to middle income students. Lower income students were able to obtain assistance through institutional based programs and in part through the guaranteed loan program. Upper income students were financed through family resources. The middle income student found institutional based programs closed to him and his family resources were not sufficient to cover the added educational costs.

LOAN APPROVAL UNIT OPERATIONS

Activities of the Loan Approval Unit were considerably affected by implementation of the needs analysis requirement of the Educational Amendments of 1972 and the fiscal policies of the Federal Reserve Board. New loan approvals were reduced by 3,493 loans for a total of 14,455 loans approved in fiscal 1974.

The number of loans paid in full in fiscal 1974 was 4,313. This is a decrease of 792 loans from the previous year. Explanation for this is under employment or unemployment of those borrowers entering the work force on a fulltime basis. Deferment of payment requests and defaults have risen. Borrowers who could not find suitable employment have either returned to school for additional preparation or are defaulting on their payments to the financial institutions.

It is anticipated that federal legislation which will correct the complicated determination of eligibility for federal interest payment will lessen the paperwork on new loan approvals and will permit more time to be used to process student deferment of payment requests and to explain a borrower's options when faced with repayment obligations and too few resources to meet those obligations.

Tremendous strides were taken in the course of fiscal 1974 to verify student enrollment and to notify students and lenders of accelerated loan due dates in a more timely manner. The computer program will enable our office to verify student withdrawals and to notify both borrower and lender before the grace period has expired. Interest payment complications should be reduced.

COLLECTIONS UNIT OPERATIONS

Loans purchased from financial institutions increased by 564 over the preceding fiscal year. 1,738 loans were purchased in fiscal 1974. 1,684 loans were bought as a result of delinquency and 54 were as a result of death or permanent disability. A total of \$1,439,824 was paid to lenders for delinquent loans purchased in 1974.

During fiscal 1974, the Collections staff concentrated on pre-claim assistance to our lenders. As lenders call or send copies of delinquency notices, we have attempted to reach the student by telephone call and by letter. We have no statistics regarding the effectiveness of this assistance; however, judging from comments we have received from some lenders, we have enjoyed considerable success.

Defaulted loans increased during fiscal 1974 but it is important to point out that many of the defaulted borrowers are attempting to continue repayment after their loans were purchased by the Department of Education. During the course of fiscal 1974, 61 borrowers completely repaid their student loans and 362 more borrowers than last year are currently repaying their student loans.

There are too many defaulted borrowers; however, when the national economic situation improves, defaults should decrease and more borrowers will be able to make substantial payment on their student loans.

SUMMARY OF DEFAULTED LOANS AS OF JUNE 30, 1974

1. Matured Notes.....	\$55,773,361
2. Claims Paid by MHEAA.....	3,462,427
3. Collections from defaulted borrowers.....	278,158
4. Death and Disability Reimbursements from federal government..	161,984
5. Loans uncollectible, Write off permitted.....	78,755

	<u>FY 72</u>	<u>FY 73</u>	<u>FY 74</u>
6. Default percentage (ratio of dollar amount of defaulted loans to dollar amount of matured notes)	4.33%	5.36%	5.94%
7. Percentage of students who have obtained guaranteed loans and defaulted.	1.99%	2.89%	3.98%
8. Recovery Ratio (percentage of dollars recovered from borrowers computed on the amount department paid to lenders)	6.62%	7.95%	8.87%

CLASSIFICATION OF DEFAULTED BORROWERS

LOANS OUTSTANDING BY FINANCIAL INSTITUTION AS OF JUNE 30, 1974

The data included in this section includes information on loans which have been approved by the Department of Education and disbursed by lenders. New loan totals for fiscal 1974 and consequently the outstanding cumulative amounts do not include loans which were approved for disbursement but either were not disbursed as of June 30, 1974 or have been cancelled, defaulted or paid in full. Loans outstanding under State Program also are included.

PART II

**MICHIGAN COMPETITIVE SCHOLARSHIP AND
TUITION GRANT PROGRAMS**

REVIEW OF OPERATIONS

HISTORY:

In 1964, the State of Michigan granted 1,284 Competitive Scholarship awards to Michigan residents attending Michigan institutions of higher learning. Since that time, over 122,000 additional monetary Scholarship awards have been granted, totalling more than \$57,000,000. During the first year of operation, the results of the ACT, PSAT, SAT or other similar types of tests were used to determine those students who qualified for a State Competitive Scholarship. Effective for students who were freshmen in the fall of 1965, a specially-administered Michigan Competitive Scholarship Examination was designated as the only method of entry into the State Scholarship Program. Test administration was handled by ACT and this approach was continued through the 1973-74 academic year.

In 1973, a decision was made to utilize the National ACT Assessment results rather than continuing with a separate examination. This provides students greater opportunity to participate in the program since the examination is offered on several dates--during the spring of the junior year, between the junior and senior years and during the applicant's senior year.

Semi-finalists are selected from all test participants and the anticipated appropriation is used to determine the cut-off score. The top scoring students receive semi-finalist status and are sent an application and instructions for filing in December of their high school senior year. The PCS is used to determine those applicants who have financial need and awards are granted accordingly.

In the summer of 1966, the first Tuition Grants were awarded to 2,638 students who planned to attend an eligible, private, non-profit, Michigan institution of higher learning. Since that rather modest beginning, Tuition Grants, totalling more than \$34,000,000 have been awarded to over 56,000 award recipients.

To qualify, an applicant must attend a private, eligible, Michigan institution as a full-time student. Additionally, the applicant must demonstrate financial need according to the Parents Confidential Statement. Tuition Grant applicants have no test requirement included as an eligibility criterion.

KEY EVENTS DURING 1973-74:

1. During the 1973-74 academic year, over 14,000 Scholarships were awarded, totalling approximately \$9,000,000. The average State Scholarship was \$ 614 . In addition, over 7,600 Tuition Grants were awarded, totalling approximately \$7,500,000. The average Tuition Grant award was \$ 962 .
2. The Michigan Higher Education Assistance Authority approved the continued use of the American College Testing Assessment as the qualifying examination for State Scholarship purposes.
3. The Michigan Higher Education Assistance Authority approved the continued use of the Parents Confidential Statement for purposes of determining financial need in the State financial assistance programs. The decision by the Assistance Authority was based on a staff recommendation that the PCS continue to be the document used for determining those eligible for monetary award assistance. Staff decision was based upon the results of an Ad Hoc Committee established to review available methods of needs analysis and a survey of Michigan financial aids officers.

4. Several significant improvements occurred in the Department of Education data processing capabilities. These changes improved operational efficiency and as a result many phases of the office procedures were improved:
 - (a) The contract notification was changed from a notification letter to a data processing card.
 - (b) The optical scan Tuition Grant application was made available to both high schools and colleges.
 - (c) Automated computation of the Independent Student Financial Statement was accomplished.
 - (d) Recomputation of a student's award eligibility by computer was accomplished.
5. The maximum award eligibility was increased from \$800 to \$1,200, effective for the 1973-74 academic year. This change affected both the Competitive Scholarship Program and the Tuition Grant Program.
6. Annually, staff processes pre-freshman applications and Parents' Confidential Statements in January, February and March and upperclass materials in March, April and May. Since approximately 40,000 Parents' Confidential Statements are received annually, review of each one by staff proves an impossible task. Michigan financial aid officers--representing four-year public institutions, two-year public institutions and independent colleges--have over the years provided valuable assistance in the Parents' Confidential Statement review. They donate their time, come to our office and review each Parents' Confidential Statement submitted for Competitive Scholarship or Tuition Grant consideration.
7. For several years, Competitive Scholarship applicants' high school class rank was combined with his examination score to produce a selection score. Effective for 1974-75 freshmen, the rank in class was dropped and the National ACT Assessment score is the sole academic measure of eligibility for State Scholarship purposes.
8. In the spring and summer of 1973, a follow-up request was sent to several thousand parents, asking that a copy of their Federal Income Tax Return be submitted to verify financial data reported on the PCS. The discrepancy rate was sufficiently high to merit a continuation of this type of request. Such requests were sent to approximately 2,000 1974-75 Scholarship and Tuition Grant recipients, requiring that a copy of the 1973 Federal Income Tax Return be submitted to this office. The annual IRS follow up will be part of a continuous effort to retain a high level of program integrity.

PRIMARY STATE CONCERNS:

1. During peak work load periods, such as after freshman awarding and upperclass awarding, the volume of clerical activity is extremely high. Occasionally, there are in house lengthy delays which result from the high volume of telephone calls, correspondence and changes submitted to the office when the student returns an award notification.

In an attempt to avoid such delays, the Department of Education's data processing center has worked closely with staff to provide greater utilization of data processing resources. While our staff and data processing staff efforts have been helpful in reducing such delays, there are machine limits placed on both staffs in their effort to produce a more efficient system.

To provide the best service to our various constituencies, a terminal operation with direct immediate accessibility to data processing mass storage records is necessary. Such an improvement would provide the best assistance for our office in responding to all questions in a timely fashion. Hopefully, such an automated system will receive prime consideration in the near future.

2. Each year, approximately 40,000 applicants for State of Michigan financial assistance submit a Parents Confidential Statement to College Scholarship Service in Evanston, Illinois, and request that a copy of the document and computation be sent to the State Scholarship Office.

A unique, simplified method of determining the State Scholarship or Tuition Grant eligibility would have several advantages. These would include such items as the elimination of confusion among applicants and economic savings to individual applicants and an easier document for parents to complete.

It is recognized that a unique financial statement would be an additional form the parents would have to complete. However, several states with rather large appropriations are currently utilizing a unique method of need analysis and apparently with a high degree of success.

3. An important concern of this service area is to assist in providing access to post-secondary education. At the present time, the student with strong academic ability and/or financial need can qualify for State Scholarship consideration if educational plans are to attend an eligible Michigan institution.

It seems there are several additional groups of students who merit State of Michigan financial assistance consideration; but not at the expense of those already receiving State assistance. Four of the groups are:

- (a) Students who fail to qualify for a State Scholarship because their ACT Assessment score was too low. In many instances, such students are accepted at public four-year or two-year colleges, perform acceptably in their academic endeavors and have unmet financial need.
- (b) Students who choose to attend a non-degree granting institution in order to further vocational interest, knowledge and performance skills.
- (c) Students who, for any one of many reasons, choose to attend an institution out of the State of Michigan.
- (d) Extremely talented students who are Michigan Competitive Scholarship semi-finalists, but who receive no monetary award due to parental income.

Even though the State of Michigan is making admirable strides, helping certain segments of the college-bound population, there are other population segments that fail to receive State financial assistance consideration. In the event the State chooses to increase commitments to post-secondary students, it might be wise to consider assistance to various groups of students listed above.

PART III

SPECIAL EDUCATION AWARDS

SPECIAL EDUCATION GRANT PROGRAM
1973-74

The Department of Education administers the program "Preparation of Personnel in the Education of the Handicapped", which is funded through the U.S. Office of Education under provisions of Public Law 91-230, Part D. This program provides a limited number of traineeships for fulltime study during the summer for those persons interested in meeting the approval requirements for special education teachers. Professional development for teachers and others engaged in services to handicapped children is offered through a variety of special study institutes.

During the 1973-74 fiscal year, \$167,107,00 in Federal funds were available for traineeships and special study institutes. Summer session traineeships were awarded to 39 special education teachers and 802 persons in various positions relating to the field of special education participated in special study institutes.

APPENDICES

STATE GUARANTEED STUDENT LOAN PROGRAM

ACT 77 OF THE PUBLIC ACTS OF 1960

as amended by

Act 218 of the Public Acts of 1964,
Act 276 of the Public Acts of 1965,
Act 60 of the Public Acts of 1966,
Act 42 of the Public Acts of 1968,
Act 302 of the Public Acts of 1969,
Act 29 of the Public Acts of 1972 and
Act 19 of the Public Acts of 1974

An act to create the Michigan higher education assistance authority and to prescribe its powers and duties; to authorize persons, corporations and associations to make gifts to the authority; to prescribe the powers and duties of the state banking commissioner; to authorize, and ratify and confirm certain guarantees of students loans made heretofore and authorize reguarantees thereunder; and to validate certain prior appropriations and to authorize the transfer of certain appropriations to be transferred to and administered by said authority.

The People of the State of Michigan Enact:

Sec. 1. There is hereby created a nonprofit authority as an agency and instrumentality of the state of Michigan, to be known as the "Michigan higher education assistance authority." The authority may contract and be contracted with, sue and be sued, implead and be impleaded, and complain and defend in all courts of law and equity.

Sec. 2. The authority shall consist of the superintendent of public instruction, ex officio, who shall be chairman, 2 representatives from private colleges located within this state, 1 representative from community colleges located within this state, 1 representative each from the university of Michigan, Michigan state university, and Wayne state university, 3 representatives from all other state-supported four-year colleges and universities within the state, 1 representative from the secondary schools of the state, 1 representative from an eligible lending institution of the state, and 3 representatives from the citizens of the state chosen for their interest in higher education but not employed by, professionally affiliated with, or on the governing body of any college, university or public high school of this state, to be appointed by the governor with the advice and consent of the senate.

Sec. 3. The terms of office of the members of the authority shall be 4 years, and they shall hold office until the appointment and qualification of their successors, except that the original members shall be appointed in such manner as to provide for the expiration each year of the terms of one-fourth of the members. The governor may remove any member for misfeasance, malfeasance, or nonfeasance in office, after hearing.

Sec. 4. The governor shall fill any vacancy for the balance of the unexpired term by the appointment of a person with the same status as the predecessor of the appointee. The governor may remove any appointee for misfeasance, malfeasance or nonfeasance in office, after hearing.

Sec. 5. A quorum for the transaction of business shall consist of 6 members of the authority, and such quorum may bind the authority. The authority shall promulgate rules to implement the provisions of this act pursuant to Act No. 306 of the Public Acts of 1969, as amended, being sections 24.201 to 24.315 of the Michigan Compiled Laws.

Sec. 6. No member of the authority shall receive any compensation for his services, but the authority may reimburse each member for necessary expenses incurred in the performance of his duties.

Sec. 7. The authority may:

(a) Guarantee 100% of the principal of any loan of money, upon such terms and conditions as it shall prescribe, to persons attending or those having been accepted to attend eligible post-secondary educational institutions to assist them in meeting their expenses of post-secondary education incurred in any one academic year.

(b) Take, hold, and administer, real, personal, or mixed property and moneys, or any interest therein, and the income therefrom, either absolutely or in trust, for any purpose of this act. It may acquire property for such purpose by purchase or lease and by the acceptance of gifts, grants, bequests, devises, or moneys or loans. No obligation incurred under this act shall be a debt of the state.

(c) Enter into contracts with eligible lending institutions or with public or private or post-secondary educational institutions, upon such terms as may be agreed upon between it and any such institution, to provide for the administration by the institutions of any loan, or guarantee of a loan, made by it, including applications therefor and repayment thereof.

(d) Enter into an agreement with a group life insurance carrier to insure each student receiving a guaranteed loan under the program.

(e) Require students receiving a guaranteed loan to remit a fee which may include the payment of a group life insurance premium.

(f) Receive state appropriations for the guaranty fund of the loan program to be used to match deposits and to accept contributions received by it for this purpose.

(g) Administer a state scholarship program according to the law, and rules promulgated by it.

(h) Administer an undergraduate scholar awards program according to the law, and rules promulgated by it.

(i) Receive funds from the federal government to assist in implementing federally supported programs administered under this act.

(j) Administer an incentive awards program according to rules promulgated by it.

Sec. 8. Any person otherwise qualifying for a loan shall not be disqualified to receive a loan guaranteed by the authority by reason of his being a minor. For the purpose of applying for, receiving and repaying a loan, any person shall be deemed to have full legal capacity to act and shall have all the rights, powers, privileges and obligations of a person of full age with respect thereto.

Sec. 9. Notwithstanding the provisions of any general or special law or the provisions of any certificate of incorporation, charter or other articles of organization, all domestic corporations or associations organized for the purpose of carrying on business in this state, and any person may make contributions or gifts, grants, bequests, devises or loans to the authority.

The value of gifts, grants, bequests, devises and all contributions shall be allowed as deductions in computing the net taxable income of any person, corporation or association for the purposes of any income or franchise tax imposed by the state or any political subdivision thereof.

Sec. 10. The authority shall be subject to the supervision and examination of the state banking commissioner, but shall not be deemed to be a banking organization nor required to pay a fee for supervision or examination. The authority shall make an annual report of its condition to the governor and the legislature within 60 days after the legislature convenes.

Sec. 11. All guarantees of the student loans by the state department of education pursuant to the provisions of this act made prior to the effective date of this section shall be deemed to have been made by said department for the authority and are hereby authorized, ratified, and confirmed. If the authority is requested by any holder of such guarantee to reissue the same in its own name, it is hereby authorized and directed to do so. All state appropriations to the guaranty fund of the loan program administered by the state department of education pursuant to the provisions of this act made prior to the effective date of this section are hereby authorized, ratified, and confirmed and any moneys in or investments of said guaranty fund of the loan program shall after the effective date of this section be transferred to and shall be administered, disbursed, and reported on by the authority in accordance with this act.

This act is ordered to take immediate effect.

STATE COMPETITIVE SCHOLARSHIP PROGRAM

Act 208 of the Public Acts of 1964, as Amended by
Act 153 of the Public Acts of 1965 and Acts 103, 141, and 186 of
the Public Acts of 1966, Act 65 of the Public Acts of 1970, and
Act 27 of the Public Acts of 1973

An ACT to grant scholarships to students enrolled in institutions of higher learning and to provide for the appropriation of money from the state general fund is furtherance of this objective.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

Sec. 1. Purpose:

There are created state competitive scholarships which are established by the state to foster the pursuit of higher education and awarded to students showing promise of satisfactory completion of undergraduate higher education study through competitive examinations and a continued satisfactory academic record in a course of study leading to a degree in a college or university in the State of Michigan.

Sec. 2. Administration:

The administration of this scholarship program shall rest with the higher education assistance authority created by Act No. 77 of the Public Acts of 1960, being sections 390.951 to 390.960 of the Compiled Laws of 1946.

Sec. 3. Competitive Exam and High School Academic Achievement:

The Authority shall conduct a competitive examination among eligible applicants for state competitive scholarships at such times and places as shall be determined by the Authority. The Authority may designate a competitive examination to be administered among eligible applicants for state competitive scholarships. On the basis of the examination, the Authority shall select the applicants evidencing the most promise of successfully completing undergraduate work in courses of study in colleges or universities leading to degrees, and shall award scholarships to the successful applicants. The Authority may also use scholastic achievement in determining award winners. The Authority shall issue appropriate certificates of recognition to persons awarded scholarships. The Authority shall grant annual renewal of scholarships. The conduct of examinations for the award of scholarships and the procedures for award of annual renewal scholarships shall be in accord with rules and regulations promulgated by the Authority in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

Sec. 4. Eligibility:

An applicant is eligible for the award of a first-year scholarship when the Authority finds:

- (a) He has been a continuous resident of Michigan for the preceding 18 months.
- (b) He is a person of good moral character.
- (c) He has graduated from a high school, or he is a student in good standing in high school who will graduate at the end of the academic year.
- (d) Based upon his state competitive scholarship examination he shows promise of satisfactorily completing undergraduate work leading to a degree at a college or university of his choice in the state.
- (e) He has complied with all the provisions of this act and the rules and regulations adopted by the Authority.

Sec. 5. Scholarships:

(1) There shall be awarded for each academic year such first-year scholarships as may be financed through monies available. Of this number not less than 3 scholarships shall be awarded to residents of each legislative district and the balance of the scholarships shall be awarded to residents of the state at large. Each scholarship shall be renewed by the Authority upon application of the student awarded the first-year scholarship without further examination upon a finding of the Authority that the applicant has successfully completed his academic work for the preceding academic year; that he remains a resident of this state; and his financial resources are such as to warrant the renewal of his scholarship under the act. A scholarship may be renewed until completion of the first 4 years of higher education, but no student shall be awarded scholarships for more than 8 semesters or 12 quarter terms of study.

(2) Residual scholarships shall be awarded to original applicants from the same graduation class who qualified for state scholarships, according to rules promulgated by the Authority, when initial scholarship winners subsequently relinquish their awards.

Sec. 5a.

The Authority may award honorary scholarship certificates to those applicants who would otherwise be eligible for a scholarship under this act but because of the lack of financial need are not eligible for a monetary scholarship. The names of the recipients of such awards shall be published the same as the names of the winners of monetary scholarships.

Sec. 6. Amount:

Each first-year scholarship is for a period of one academic year and the scholarship award shall not exceed \$1,200 for tuition and fees for the full academic year assessed by the college or university in which the applicant is enrolled, or such amount as the Authority finds appropriate in relation to the applicant's own financial resources other than wages that may be due the applicant for part-time work performed by the applicant during the academic year, whichever is the smallest. For the purposes of determining the dollar amount of the scholarship, the financial resources of the applicant shall include the cash or equivalent resources of his father and mother available for the higher education of the applicant, in accordance with rules and regulations adopted by the Authority.

Sec. 7. Choice of College:

An applicant awarded a first-year scholarship or a renewal scholarship shall not be restricted in the choice of the college or university in this state which he desires to attend or the course of study he wishes to pursue, if the college or university offers academic work leading to a degree, or at least a minimum 2-year program at a community or junior college and is approved by the Department of Education. A college or university chosen by the applicant shall not be required to accept the applicant for enrollment, or once having admitted him, to continue his enrollment. The college or university accepting the enrollment of a state competitive scholarship award winner shall notify the Authority of his enrollment and shall make periodic reports of his academic progress in accordance with rules and regulations promulgated by the Authority. If the applicant, for any reason, ceases to be regularly enrolled in the institution, or a student in good standing, prompt notice thereof shall be given to the Authority by the college or university.

Sec. 8. Awarded:

State competitive scholarships shall be awarded by the Authority on the basis of merit and without regard to race, religion, color, or national origin.

STATE TUITION GRANT PROGRAM
Act 313 of the Public Acts of 1966, as
amended by Act 339 of the Public Acts of 1968
by Act 179 of the Public Acts of 1971,
and Act 313 of the Public Acts of 1972

An act to award tuition grants to full-time resident students enrolled in private, nonprofit institutions of higher learning; and to make an appropriation therefore.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

Sec. 1. Tuition grants are established by the state to foster the pursuit of higher education by full-time resident students enrolled in private, nonprofit colleges or universities in the state which have filed with the State Board of Education a certificate of assurance of compliance with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) as in effect on January 1, 1966, whose instructional programs are not comprised solely of instructional programs in sectarian instruction or religious worship and which are otherwise approved by the State Board of Education.

Sec. 2. The higher education assistance authority created by Act No. 77 of the Public Acts of 1960, as amended, being sections 390.951 to 390.960 of the Compiled Laws of 1948, shall administer the grants which shall be available to each eligible full-time resident student registered as a freshman after August 1, 1966, as a freshman or sophomore after August 1, 1967, as a freshman, sophomore or junior after August 1, 1968, as a freshman, sophomore, junior or senior after August 1, 1969 and as a freshman, sophomore, junior, senior or graduate student after August 1, 1970, if otherwise eligible.

Sec. 3. Upon application of any eligible full-time resident student, who is a person of good moral character, and has resided in the state continuously for the preceding 18 months and who is registered in a private, nonprofit college or university in this state which has filed with the State Board of Education a certificate of assurance of compliance with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) as in effect on January 1, 1966, whose instructional programs are not comprised solely of instructional programs in sectarian instruction or religious worship and which are otherwise approved by the State Board of Education, the State shall grant an amount as provided for in this act for each semester of attendance. No student shall be eligible for a grant for tuition and fees for more than 8 semesters of undergraduate education, or its equivalent in trimesters, and in not more than 6 semesters of graduate education, or its equivalent in trimesters.

Sec. 4. (1) The amount of the grant to be paid for each semester, or trimester, shall be determined by the Higher Education Assistance Authority based upon an evaluation of the family's financial resources. In determining financial resources the Authority shall use the same criteria as used in Act No. 208 of the Public Acts of 1964. Such evaluation shall make allowance for other members of the applicant's family enrolled in an approved institution of higher education.

(2) No grant shall be made under this act to any student who is enrolled in a course of study leading to a degree in theology, divinity or religious education or who is a religious aspirant.

(3) In order to be eligible for the tuition grant provided by this act the student shall be enrolled in a college or university which levies a tuition in excess of \$240.00 per semester or its equivalent for undergraduate students. Graduate students to be eligible for this act shall be enrolled in a college or university which levies a tuition in excess of \$350.00 per semester or its equivalent.

Sec. 5. Each tuition grant shall not exceed \$1,200 for tuition and fees for the full academic year as reported by the college or university in which the applicant is enrolled, or such amount as the Authority finds appropriate in relation to the family's financial resources, whichever is the lesser.

Sec. 6. The Higher Education Assistance Authority shall prescribe rules and regulations to carry out the provisions of this act in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

Sec. 7. If a student receives a state competitive scholarship as authorized by Act No. 208 of the Public Acts of 1964, as amended, he is not eligible to receive a tuition grant unless he is an undergraduate student and is currently receiving state funds from both acts.

Sec. 7a. If a student receives other scholarship awards by a private, non-profit institution of higher learning covering full tuition and fees, he is not eligible for a tuition grant. If a student receives other scholarship awards by a private, nonprofit institution of higher learning covering only a portion of his tuition and fees, the student may qualify for a proportionate tuition grant in accordance with the provisions of this act.

SPECIAL EDUCATION PROGRAM
Public Law 91-230

PART D - TRAINING PERSONNEL FOR THE
EDUCATION OF THE HANDICAPPED

GRANTS TO INSTITUTIONS OF HIGHER EDUCATION AND OTHER APPROPRIATE
INSTITUTIONS OR AGENCIES

SEC. 631. The Commissioner is authorized to make grants to institutions of higher education and other appropriate nonprofit institutions or agencies to assist them--

(1) in providing training or professional personnel to conduct training of teachers and other specialists in fields related to the education of handicapped children;

(2) in providing training for personnel engaged or preparing to engage in employment as teachers of handicapped children, as supervisors of such teachers, or as speech correctionists or other special personnel providing special services for the education of such children, or engaged or preparing to engage in research in fields related to the education of such children; and

(3) in establishing and maintaining scholarships, with such stipends and allowances as may be determined by the Commissioner, for training personnel engaged in or preparing to engage in employment as teachers of the handicapped or as related specialists.

Grants under this subsection may be used by such institutions to assist in covering the cost of courses of training or study for such personnel and for establishing and maintaining fellowships or traineeships with such stipends and allowances as may be determined by the Commissioner.

GRANTS TO STATE EDUCATIONAL AGENCIES

SEC. 632. The Commissioner is authorized to make grants to State Educational agencies to assist them in establishing and maintaining, directly or through grants to institutions of higher education, programs for training personnel engaged, or preparing to engage, in employment as teachers of handicapped children or as supervisors of such teachers. Such grants shall also be available to assist such institutions in meeting the cost of training such personnel.

GRANTS OR CONTRACTS TO IMPROVE RECRUITING OF EDUCATIONAL PERSON-
NEL, AND TO IMPROVE DISSEMINATION OF INFORMATION CONCERNING
EDUCATIONAL OPPORTUNITIES FOR THE HANDICAPPED

SEC. 633. The Commissioner is authorized to make grants to public or nonprofit private agencies, organizations, or institutions, or to enter into contracts with public or private agencies, organizations, or institutions, for projects for--

(1) encouraging students and professional personnel to work in various fields of education of handicapped children and youth

through, among other ways, developing and distributing imaginative or innovative materials to assist in recruiting personnel for such careers, or publicizing existing forms or financial aid which might enable students to pursue such careers, or

(2) disseminating information about the programs, services, and resources for the education of handicapped children, or providing referral services to parents, teachers, and other persons especially interested in the handicapped.

TRAINING OF PHYSICAL EDUCATORS AND RECREATION PERSONNEL FOR HANDICAPPED CHILDREN

SEC. 634. The Commissioner is authorized to make grants to institutions of higher education to assist them in providing training for personnel engaged or preparing to engage in employment as physical educators or recreation personnel for handicapped children or as educators or supervisors of such personnel, or engaged or preparing to engage in research or teaching in fields related to the physical education or recreation of such children.

REPORTS

SEC. 635. Each recipient of a grant under this part during any fiscal year shall, after the end of such fiscal year, submit a report to the Commissioner. Such report shall be in such form and detail and contain such information as the Commissioner determines to be appropriate.
